This Month's Antique Collection

Chugoku Five Prefecture Property · Tax Material Collection (Central Library Wasou Materials Room)

Some familiar places!

[安芸国各郡] 郷村高帳 7 賀茂郡 (145頁)

This collection includes materials related to **property and tax systems** from the Keicho era to the mid-Meiji era in the five prefectures of the Chugoku region. There are many records from recent history of **Kenichicho** (results of land surveys conducted village by village and compiled into one property record) from Izumo and Bingo provinces. Also, there are many valuable surveys and statistical records on land tax revisions in the Hiroshima and Shimane areas!

Right now Hiroshima University Library has about 6,662 documents in its collection and has publicized digital archives of about 1,400 documents from this collection, including documents connected to Hiroshima Prefecture. It may be interesting to search the tax records of a place you know, right?

You can browse part of this collection in the HU digital archives!→
